

Fresh vegetables evolve for the "Sapori del mio Orto" line

The "Sapori del mio Orto" mixes line has grown thanks to the launch of its new range of minestrone. These types of minestrone were created bearing in mind the different consumer categories which require different nutritional values and calorie intake.

Health, taste and convenience on your table. A team of nutritionists and chefs have chosen only the best vegetables for these four recipes: **Light**, for those who want to keep in shape by eating something light and tasty; **Energy**, rich in protein; **Baby**, ideal for babies who require a diet which contains all the main nutrients; **Detox**, rich in antioxidants which are ideal for the body's wellbeing.

"Sapori del mio Orto" is the brand of SIPO which represents the path from the vegetable garden to your table, as well as vegetables which remind us of wholesome nutrition, taste, pleasure, wellbeing and health. It is aimed at a consumer who wants to go back to simplicity, discover genuine tastes and flavors coming from the soil; this brand has always distinguished SIPO, a historic company in the fruit and vegetable sector which has vast experience in the production, processing and trading of fresh fruit and vegetables, loose, packaged and ready to eat. All the products come from controlled cultivations and organic agriculture.
